

Lets get started with your new housing app

Just a few clicks away – then everything is ready!

As a resident, you register in the app by logging in with your BankID. Once you have registered with your BankID, you can invite more residents to the home in the app.

To start your registration:

- 1 Double check** that you are connected to wifi or have mobile data turned on.
- 2 Download** the app *Genova* in App Store or Google Play.

Register with BankID:

- 1 Open the app** and click Register New Account.
- 2 Click** on Continue with BankID and enter your code and authenticate. Clear.

Finally! Now the fun can begin.

Inside the app, there are several functions that make everyday life a little easier. You can, for example, take part of information directly in the flow, collect all contact information and have all documents concerning your accommodation gathered in one place. Here's how the app works:

Feed

Here you can communicate with your neighbors and your landlord.

Services

Get access to different types of services.

Book & Share

Booking of common and private resources.

Library

Collect all documents related to your accommodation in one place.

Issues

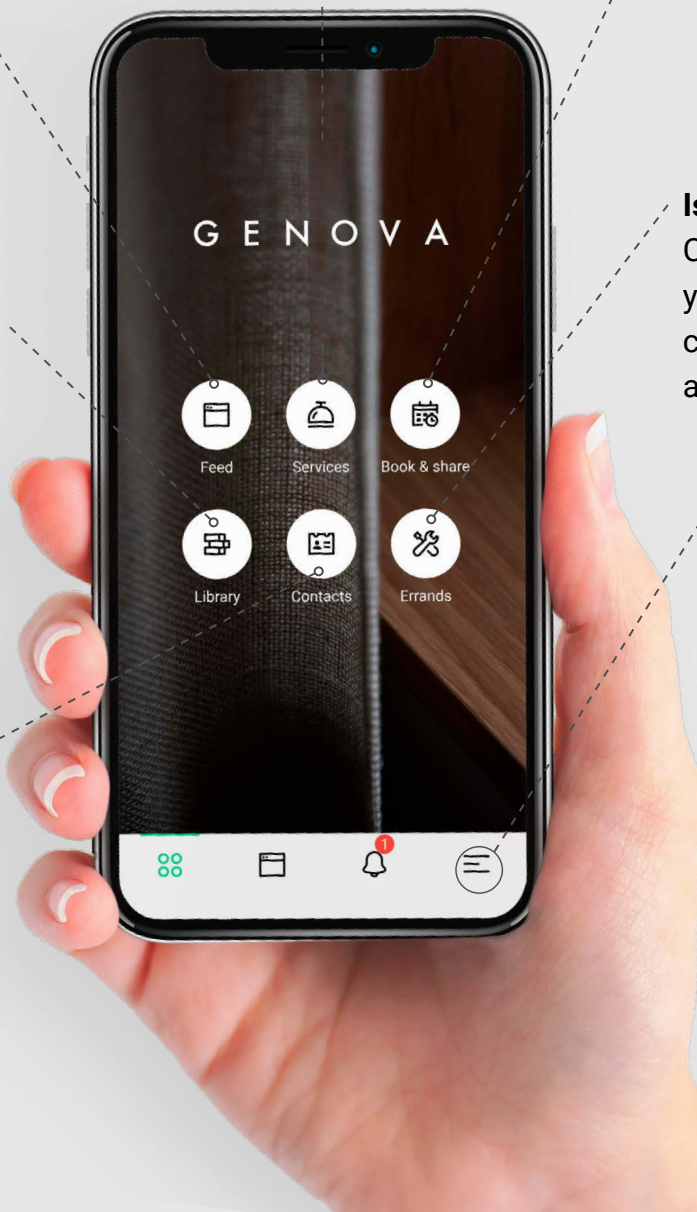

Complete and follow your error report concerning your accommodation.

Contacts

Find contact information for your landlord and other important contacts that have with you accommodation to do.

Menu

Manage your profile and push notifications. Get help and support, find terms of use and privacy policy.
